ERRATA

In our recently published article, *Informed Consent for Neonatal Circumcision: An Ethical and Legal Conundrum*, I made a mistake in interpreting the case A (Children). Footnotes 128 and 129 and the associated two sentences of text should simply be disregarded. The underlying argument is unaffected by the correction. J. Steven Svoboda, Robert S. Van Howe & James G. Dwyer.

In Volume 17, Issue 1, Alison M. Sulentic’s article, *What Catholic Social Teaching Says to Catholic Sponsors of Church Plans*, the chart in Appendix A: Mortality Rates for HIV/AIDS, Malaria and Leprosy, should have headings (from left to right): Africa, Americas, Eastern Mediterranean, Europe, South East Asia, Western Pacific.
